

Muhammed Shabith K

Senior Software Developer

shabithkmuhammed@gmail.com | +917025259794 | Kerala | [linkedin.com/in/shabithkms](https://www.linkedin.com/in/shabithkms) | shabithkms.com

PROFESSIONAL SUMMARY

Senior Software Engineer with 4+ years of experience building **scalable web applications and backend systems** using Node.js, Express, MongoDB, PostgreSQL, Prisma, React, and Next.js. Leads development efforts, mentors developers, and specializes in **microservices, REST APIs, and performance optimization** with a focus on code quality and system design.

SKILLS

Backend Development: Node.js, Express.js, JavaScript, TypeScript, REST APIs, Microservices

Frontend Development: React.js, Next.js

Databases: MongoDB, PostgreSQL, MySQL, Prisma ORM

Tools & Practices: Docker, Performance Optimization, Caching, System Design

PROFESSIONAL EXPERIENCE

Senior Software Developer, Iotics

Mar 2024 - Present · Dubai

- Leading development of **scalable, high-performance applications** using **Node.js, Next.js, MongoDB, and PostgreSQL**.
- Managing and mentoring a **team of 4 developers**, conducting code reviews and contributing to architectural decisions.
- Implementing **performance optimizations, caching strategies**, and actively handling deployments and production issues.

Software Developer, Iotics

Mar 2022 - Mar 2024 · Dubai

- Built and maintained **RESTful APIs** for multiple production applications, focusing on scalability and reliability.
- Developed **reusable backend modules** and optimized **MongoDB schemas, queries, and API performance**.
- Collaborated closely with frontend teams to ensure **smooth integrations and overall system stability**.

Fullstack Developer, Brotype

Sep 2021 - Mar 2022 · Calicut, Kerala

- Hands-on training in the **MERN stack**, building full-stack projects and learning **REST APIs, authentication, and core application architecture**.

EDUCATION

BSc, Computer Science, Calicut University

Jun 2018 - Mar 2021
